Call for Abstracts

International Society for Asphalt Pavements 2016 Symposium
July 18-21, 2016—Jackson Hole, Wyoming

The organizing committee of the ISAP 2016 Symposium, "From Molecules to Innovative Pavements," invites you to submit an abstract to this international event.

The topics of this meeting will include advances in knowledge and technologies related to:

- Binder composition
- Binder oxidation
- Binder rheology and mechanical testing
- Binder modification with additives and bio-materials
- Modeling
- Mixture testing
- Materials recycling for paving applications (RAP, RAS, GTR-CRM, REOB, …)
- Pavement performance and sustainability
- Pavement preservation
- Other topics

Please submit your abstracts online:
