

# Wattway

—Next-generation solar powered pavement system—

Wattway

—Système de revêtement routier photovoltaïque  
de nouvelle génération—

## Achievements of Wattway

Roadside Station, Fukushima, Japan

6 units of Wattway Pack are installed as a power source to charge light poles that illuminate crosswalks.

National Garden, Tokyo, Japan

Installed 48 units of Wattway Pack within the national garden to demonstrate the usefulness of renewable energy technology with reduced impact on the natural environment and landscape.
